

PATH TO CARBON NEUTRALITY

2022 Shanghai International

CARBON NEUTRALITY EXPO

in Technologies, Products
and Achievements

December 21-24, 2022

Approved by:

Shanghai Municipal People's Government

Liaised by:

Shanghai Municipal Development & Reform Commission

Shanghai Municipal Commission of Economy and Informatization

Shanghai Municipal Commission of Commerce

Shanghai Municipal Education Commission

Science and Technology Commission of Shanghai Municipality

Shanghai Municipal Bureau of Ecology and Environment

Shanghai Municipal Commission of Housing and Urban-rural Development

Shanghai Municipal Transportation Commission

Shanghai Municipal Agricultural and Rural Committee

Shanghai Municipal Financial Regulatory Bureau

Shanghai Landscaping & City Appearance Administrative Bureau

A hand holding a globe of the Earth. A green road with a white dashed line runs vertically across the globe. A small green car icon is on the road at the top. The word "Organization" is written vertically in large green letters along the road.

Organization

Hosted by:

Council for the Promotion of International Trade Shanghai

Organized by:

Shanghai International Exhibition (Group) Co., Ltd.

Shanghai Energy Conservation Association

Supported by:

Government Offices Administration of Shanghai Municipality

Shanghai Nuclear Power Office

Shanghai Financial Association

Shanghai Association of Environment Protection Industry

Carbon Neutrality Expo is one of **Shanghai municipal government’ s key measures to accelerate the forming of green production and lifestyle**, which is not only vital to push forward implementation on “carbon peaking and carbon neutrality” , but also contributes to promote three new racetracks and create first-mover advantages on low-carbon industries and technology innovations.

With the Expo proposal **approved on executive meeting of Shanghai municipal government** on Jan 24th, CNE2022 is **listed among top of local government agenda** as well as one **major task to realize “double carbon” goals**.

CNE is China’ s first expo themed “carbon neutrality” . The organizing Committee is set up to enhance leadership and coordination.

Background

SUMMARY

Date: December 21-24, 2022

Venue: National Exhibition and Convention Center (Shanghai)

Website: www.cneexpo.com

120,000 m²

Scale

600+

Exhibitors

100,000+

Visitors

300+

Media

100+

Activities

Concurrent Event: Green and Smart Auto Shanghai

- To demonstrate efforts made by countries around the world facing up global climate changes, showcase periodic achievements of carbon reduction, strengthen international cooperation and exchanges.
- To build a platform for assisting China to realize its goal of carbon peaking by 2030 and carbon neutrality by 2060
- To display technologies, products, achievements and integrated solutions on carbon reduction at home and aboard; to realize expo effects and values via innovative mode to make it professional, market-based, international and branded.

Function

CATEGORIES

Energy Conversion

Low Carbon Efficiency of Fossil Energy,
Transformation of Alternative Clean Energy,
Construction of New Electric Power System

Energy Efficiency

Green Building, Construction Eco-materials, Process
Improvement and Technique Upgrade, Digital
Transformation, Green Manufacturing, Energy-saving
Management, Green Supply Chain

Low-carbon Service

Academic Institution, Green Finance,
Inspection & Certification, Consulting, Legal
Service, Talent Service

Low-carbon Transportation

Low-carbon Smart Transportation, Ship and
Shipbuilding, New Energy Vehicle, Automotive
Technology and Supply Chain, Road Transport
and Rail Transport, Port Infrastructure and Ocean
Freight, Air Transport and Ancillary Service,
Consulting Advisory Services and Solutions

Circular Economy

Circular Reformation, Circular Agriculture,
Resource Recycle (Reusing of Solid Waste,
Living Garbage, Construction Debris)

Practice & Exploration

Advanced Technology, Carbon Sink & Fixation, Carbon
Market 's Low-carbon Practice & Cases, Low-carbon
Lifestyles

Energy Conversion

Exhibitors from:

Oil Efficiency, Coal Efficiency, Gas Efficiency, Photovoltaic, Wind Energy, Hydropower, Nuclear Energy, Hydrogen Energy, Biomass Energy, Smart Grid, UHV Transmission, Energy Storage Technology

Low-carbon Transportation

Exhibitors from:

New Energy Automobiles, Ship and Shipbuilding, Infrastructure for Low-carbon Transportation, Supply Chains of Ports/Shipping/Air Freight, Urban Rail Transit, Green and Smart Mobility

Energy Efficiency

Exhibitors from:

Green Building, Construction Eco-materials, Low-carbon Logistics of Construction Materials, Low-carbon Construction, Assemble Energy-saving Technology, Construct Electrification Reformation, Smart Property Management, Intelligent Energy-saving Technology, Energy-saving Appliances, Smart Control System, Energy-saving Device & Equipment, Low-carbon Technology of Iron & Steel, Chemical Engineering and Nonferrous Metal, Technology of New Materials, Raw Material Recycling Technology

Circular Economy

Exhibitors from:

Circulation Systems, Circulation-related Device & Facilities, Special Declaration Consulting Service, Sustainable Cultivation Technology, Agriculture Reproduction Technology, Farming Production & Processing, Solid Waste Reusing, Living Garbage Reusing, Construction Debris Reusing

Low-carbon Service

Exhibitors from:

Research Institution, College and University, Intelligence Bank, Bank, Insurance, Brokerage, Fund, Bond, Inspection & Certification, Consulting, Legal & Talent Service

Practice & Exploration

Exhibitors from:

Technology Development of Low-carbon, Zero-carbon & Negative Carbon, CO₂ Utilization, Carbon Capture, Ecological Carbon Sequestration, Carbon Tax, Carbon Pricing, Trade of Carbon Emission Right, Showcases of Low-carbon Results, Low-carbon Lifestyles

L'ORÉAL®

Huhtamaki

FANGRONG
方融科技

SRHDC

MEDIA MATRIX

Exposure by over 300 media around the world are expected

Positions from:

- ◆ To **G**overnment
- ◆ To **B**usiness
- ◆ To **C**onsumer
- ◆ To **M**edia

VISITORS

Fields from:

Finance & Insurance, Agency, Trader, Software, Talent Recruitment Institution, Related Technology Facilitators, Legal Consulting Institution, Inspection & Identification Institution etc.

Government, Institute of Design, Solid Waste Recycle Department, Environment Monitoring Station, Carbon Trade Market etc.

Municipal Units

Service

Academic Institution

Professors, Scholars and College Students from fields such as Negative Carbon Emission, Clean Energy, Circular Economy, Informatization & Digitalization

Highway, Railway, Airfreight, Shipping, Airport, Harbor, Irregular Carrier etc.

Logistics

Energy

Oil, Gas, Coal, Photovoltaic, Wind Power, Hydropower, Nuclear etc.

Exploration, Development, Design, Materials, Construction, Real Estate, Management etc.

Construction

Industry

Iron & Steel, Nonferrous Metal, Petrochemical Engineering, Papermaking, Aviation etc.

Agriculture

Livestock, Forestry, Farming Production and Processing

VISITORS

ONLINE EXPO

- ◆ Online Exhibition
- ◆ E-launch
- ◆ E-negotiation
- ◆ Online Signing Ceremony
- ◆ Livestreaming
- ◆

Activities

- ◆ Summit
- ◆ Sub-forum
- ◆ Parallel Sessions
- ◆ Roadshow
- ◆ Press Conference
- ◆ Onsite Activities
- ◆ Signing Ceremony
- ◆ Match-making Meetings

Constitute a key-note plenary and parallel sessions

Focus on the top-level design of carbon neutrality, including industry identification, standard setting, regulation agreement, market entry threshold etc.;

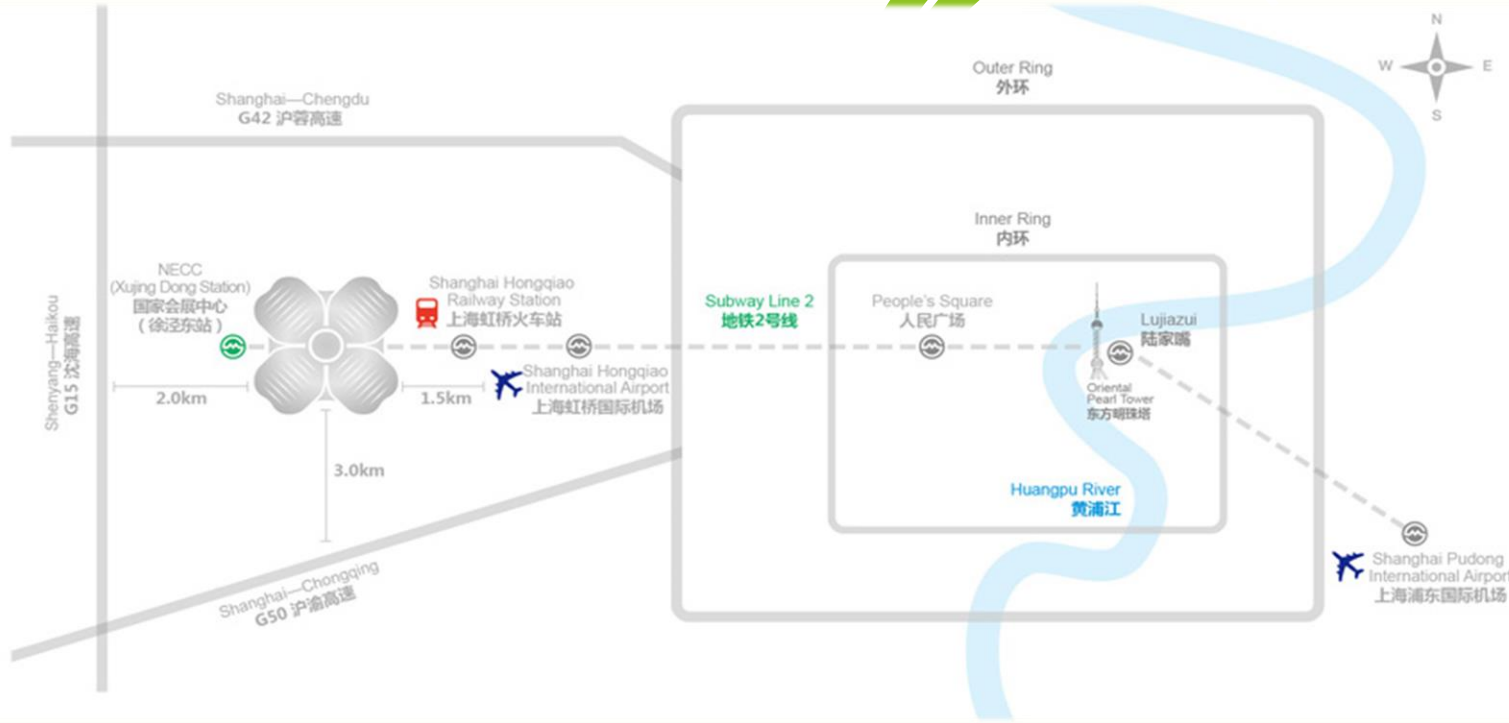

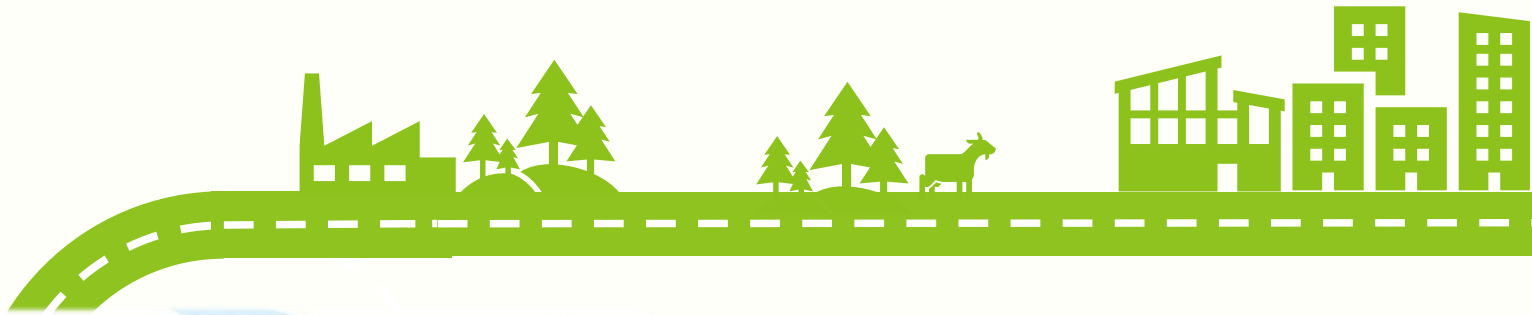

Explore paths of low-carbon technology development, including transfer and licensing of technology, green industry upgrading, etc.;

Facilitate technology innovation and industry revolution including the green transformation of global supply chains and industry chains, etc.;

Analyze the eco-trend of international investment in the future.

SUMMIT

VENUE

National Exhibition and Convention Center (Shanghai)

1.5 km away from Hongqiao Transportation Hub, NECC (Shanghai) is located at core of Yangtze River Delta to the west of Hongqiao Biz District, and linked to Hongqiao Airport and Hongqiao Railway Station by metro lines and easily reachable due to the convenient national expressway network.

FLOOR PLAN

Total: 4 Halls

Overall Space: 120,000m²

	RAW SPACE	STANDARD BOOTH
PRICE	RMB 1,500.00/m²	RMB 15,000.00/9m²
VALUE-ADDED SERVICE	<p>Exhibitors can get free service as below:</p> <ul style="list-style-type: none"> - Bilingual Introduction of Company or Product in Catalogue - Complimentary Service listed on Official Website - Online Exhibition - Promotion on Official Social Media - Visitor Pass <p>Exhibitors can choose charging items as below:</p> <ul style="list-style-type: none"> - Sponsorship for the Expo or Summit - Trade Match-making - Print Ads - E-Launch, E-negotiation, Livestreaming via Online Expo - Interpretation and Meeting Service - Ads on Official Websites and Information Service - Technical Interchange Meeting - Media Promotion - Site Advertising - Exhibit Freight Service - Rental Service <p><i>(Fees mentioned above are charged upon Manual.)</i></p>
